EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Mr. Terryence Chapman on Apr. 18, 2006.

The application has been amended as follows:

In the last sentence of the abstract, delete "The method provides a highly-crystallized double oxide powder which is free from inclusion of impurities, has a high dispersibility and a uniform particle size, and composed of a single crystal phase, by a simple procedure at low cost.".

EXAMINER'S STATEMENT OF REASONS FOR ALLOWANCE

The following is an examiner's statement of reasons for allowance: None of the references of record teach or suggest the claimed method for manufacturing a highly-crystallized double oxide powder composed of a single crystal phase, comprising the steps:

forming a raw material solution containing a raw material compound that includes at least two elements selected from at least one metal element and at least one semi-metal element that constitute a double oxide;

Art Unit: 1754

subjecting a dried sample of the raw material solution to TG-DTA analysis to determine if only one main peak is produced by a decomposition reaction of the raw material compound or a reaction intermediate thereof and, if the TG-DTA analysis indicates that only one main peak is produced;

forming droplets of the raw material solution; and

heating the droplets at a temperature sufficient to produce the double oxide powder.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Timothy C. Vanoy whose telephone number is 571-272-8158. The examiner can normally be reached on Mon-Fri 8-4:30.
